Master Files

Master file does not change frequently. Files will be available for download as and when new data is added or existing data is modified. You have to check on daily basis so that data cannot be missed at your end.

Such as File Shp_catmaster & Housemaster etc.

Previous Year Financials available in daily feeds

While we update financials of Current Year, we update previous year also from current year Annual Report as company regroup previous year figures. [Ex: when we update FY 22, we will update FY21 also again along with FY 22 as company regroup its previous year's values and report it in current financial year Annual Report

Companyaddress

In case of any newly listed company records in this table will be added once they report Annual Financials to Exchange.
